Headquarter of Boehm GmbH

Böhm GmbH is located in north Bavaria. It has been manufacturing high-quality polymer products, using extrusion and injection molding processes since 1968.

Knowledge, skill and daily commitment of the entire Boehm team are the basis for sustainable success. We are a dynamic company with many opportunities for our team members.

Our core expertise is in the manufacture of cable protection conduits, pneumatic tube components and spacers for pipe shoring.

To strengthen our team we are looking for motivated employees with professional competence and commitment.

Please send your application in German or English by e-mail to: schmutzler@boehmtec.com
